## Find The Key...

**Discover the secret to wealth, health and happiness with a workshop that can harness the powers of the Law of Attraction**

THE KEY to wealth, health and happiness was unlocked at Glasgow's House for an Art Lover by entrepreneur Christine McGrory, who has created a workshop to give people practical tools to help them harness the amazing power and possibilities of the Law of Attraction.

The launch was followed by a glitzy champagne reception attended by such celebrities as philanthropreneur Dawn Gibbins, MBE, and freelance DJ Heather Suttie – and it culminated in Christine donating a cheque for £150 to Dawn's not-for-profit Barefoot Foundation.

Speaking after the event, Ms Gibbins said: "I feel like a messenger for THE KEY! Today was inspirational, clarifying methods for The Law of Attraction to help us all live our dreams."

Lilia Sinclair, owner of Heaven Health Boutique, a specialised vibration gym in Glasgow, was already a big fan of The Law of Attraction. She congratulated Christine for bringing this programme to Scotland. She said: "THE KEY was clear and concise and something every human being should know!"

Meanwhile, business mentor David Yeoman of Roots Fruits Shoots said: "The easy and informal style with like-minded people in a beautiful setting ensured all took much from THE KEY."

Mandi Moore of Herbal Life, who has lost more than three stone, said: "For me THE KEY was about reaffirming my desires and shedding any doubt by using THE KEY techniques."

Nicola Kirkwood from Fife, and a BIG ISSUE reader, summed up the whole day with the following: "This has been the most positively-influential day of my life."

**The second Key to Wealth, Health and Happiness seminar takes place at House for an Art Lover, 10 Dumbreck Road, Glasgow, G41 5BW, on Saturday April 17, from 9am till 5.50pm.**
